Altuglas® ShieldUp

- ▶ Nanostructured acrylic sheet.
- ▶ "Chained" and structured on a nanometer scale to maximize its properties.
- ▶ Lightweight sheet combining durability and transparency across a wide range of temperatures.
- ▶ This combination of properties expands the range of PMMA's conventional uses and provides great opportunities in sectors including automotive, safety glass, protective covers and bullet-proof laminates.

▶ Unrivalled resistance to aggressive agents (e.g. acetone)

Care Products

Altuglas® is beautiful, transparent and durable. Like any high quality material, it must be maintained with suitable products.

Take care of it !

Products specially designed to maintain Altuglas® and keep it looking like new :

- ▶ Special Care
Cleaner (533 10002)
- ▶ Special Care
Polish 1 (530 10002)
- ▶ Special Care
Polish 2 (531 10002)
Finishing agent for use after Polish 1

**Order with
your sheet
and blocks !**

Glues

Gluing Altuglas® sheets and blocks yields excellent results.

The line of Altuglas® adhesives provides for outstanding aesthetic effects.

The mechanical properties will depend on the glue that is used.

- ▶ Special Care
Adhesive P 10 (526 11002)
Dual component polymerizable glue,
Industrial adhesive for strong
mechanical resistance.
- ▶ Special Care
Adhesive S 2003 E (525 40002)
Single component solvent glue.
High viscosity.
Contains no chlorinated solvents.
Can be used to bond elements
for a variety of applications.
- ▶ Special Care
Adhesive S 2002 (525 50002)
Single component solvent glue.
Low viscosity.
Can be used to bond elements
for a variety of applications.

Before use, read the instructions for safety, storage and use, which are available for each of our glues.

You can find this information in our technical documentation and safety data sheets.

FOR ALL PRODUCTS :

Cards 12 bottles, 1 L

Special Care is also available Cleaner
4 x 5 kg

For polymerisable glues, all components
are included in the packaging.
