

ALTUGLAS®

Night & Day

Light up your hidden style

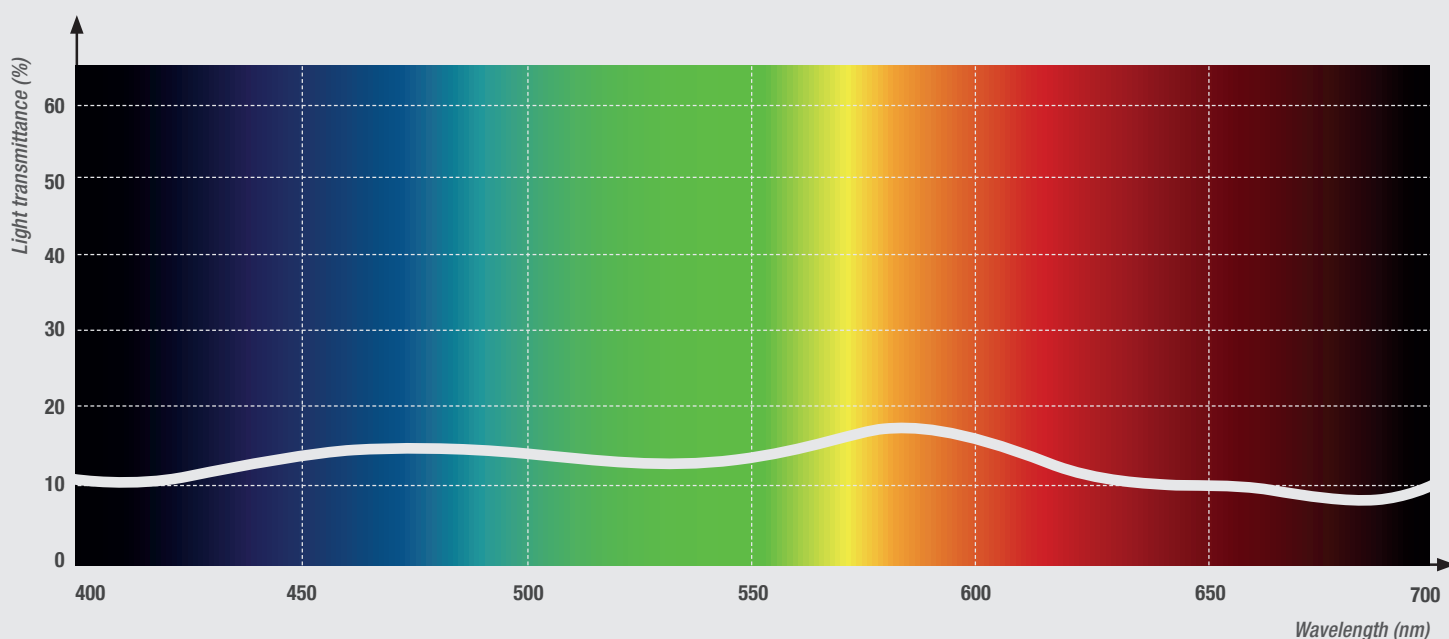

Altuglas® Night & Day opens doors to new designs and lighting effects

Autonomous driving and e-mobility introduce new concepts of vehicle interior. Ambient lighting becomes more and more important and needs to be integrated in the shape and design of the vehicle. Thanks to this new development, you will get the opportunity to customize your interior lighting and emphasize your brand differentiation.

Altuglas® Night & Day grade is a diffusive dark grey PMMA, allowing a uniform light transmission over the entire wavelength domain. Get a aesthetical opaque black appearance when the light is off and get all the benefit of whatever color you want to illuminate your design signature.
